

Take advantage of FREE health services

Are you putting off important screenings or worrying about the cost of care?
With the Michigan Department of Health and Human Services, it's easy to
improve your health and get free medical help.

Discover two programs available to women in Michigan.

The Breast and Cervical Cancer Control Navigation Program covers the costs of follow-up medical care for low-income women — ages 40 to 64 — whether they have insurance or not. And while the BC3NP does not pay for cancer treatment, women diagnosed with breast or cervical cancer may be eligible for a special Medicaid program that does.

For questions, contact **BC3NP@michigan.gov**.

Available in select areas of the state, the WISEWOMAN Program can help you understand your chronic disease risk factors and make healthy lifestyle choices. Every participant will receive a free health screening and the opportunity to talk to a health coach. Plus, eligible women can choose to participate in free healthy behavior support services.

For questions, contact
MDHHS-MIWISEWOMAN@michigan.gov.
